## CAREER OBJECTIVE

---

- Motivated and detail-oriented Computer Science undergraduate at the Arab Academy for Science, Technology & Maritime Transport with a solid foundation in software development, algorithms, and problem solving. Currently enrolled as a DEPI trainee specializing in full-stack development using the .NET framework. Skilled in HTML, CSS, JavaScript, and React, and eager to apply technical knowledge in real-world projects while continuously growing in a dynamic, tech-driven environment.

## EDUCATION

---

- **Arab Academy for Science, Technology & Maritime Transport**    Cairo, Egypt  
*Bachelor of Computer Science, Major in Computer Science, GPA: 3.63*    Sept. 2023 – July. 2027
- **Nozha Language School**    Cairo, Egypt  
*General Secondary Education Certificate*    Sept. 2021 – July. 2023

## INTERNSHIPS

---

- **IT Intern – National Bank of Egypt (NBE)**    Cairo, Egypt  
*Summer Internship Program – Information Technology Department*    July 2025 – August 2025
  - **Banking IT Operations:** Gained hands-on experience in banking IT operations, including system integration, database management, and internal security practices.
  - **Full-Stack Project:** Learned .NET framework and developed a full-stack Banking System project using C#, ASP.NET, and SQL Server.
  - **Feature Design:** Designed features like user registration, account management, and transaction history, simulating real-world banking functionalities.
- **DEPI Trainee – Full Stack .NET Developer**    Remote / Egypt  
*Full Stack Development Training Program*    June 2024 – Present
  - **.NET Specialization:** Undergoing intensive training in full-stack development with a focus on .NET technologies including C#, ASP.NET MVC, and Entity Framework.
  - **Project-Based Learning:** Working on hands-on projects covering real-world application development, version control with Git, and deployment strategies.
  - **Collaboration and Agile:** Practicing agile methodologies, code reviews, and team-based collaboration to simulate professional development environments.
- **Intern – Summit Technology Solutions**    Cairo, Egypt  
*Technical Internship Program*    August 2025 – September 2025
  - **Linux Administration:** Acquired foundational skills in Linux, including command-line operations, system navigation, and basic shell scripting.

## COURSES

---

- **One Million Prompters Initiative (Online):**
- **Front-End Development – Coursera (Online):**
- **DEPI Trainee – Full Stack Developer (Online):**
- **Clinical Informatics – 57357 Hospital(Hybrid):**

## SKILLS

---

- **Languages:** Python, JavaScript, C++, SQL, Java, HTML, CSS, C#
- **Frameworks & Technologies:** .NET, ASP.NET, MVC Core, Entity Framework, React
- **Developer Tools:** Visual Studio, VS Code, Figma, IntelliJ IDEA, GitHub, Git, Jira
- **Skills:** Data Structures & Algorithms, Problem Solving, Software Engineering, OOP
- **Soft Skills:** Teamwork, Communication, Time Management, Adaptability, Critical Thinking

## PROJECTS

---

- **MiniBank System – ADO.NET, CSS, JS:**
  - **Developed a full-stack banking system using C#, ADO.NET, and SQL Server for backend operations.:**  
Implemented responsive UI with CSS and JavaScript for seamless user experience.
  - **Added features for account creation, money transactions, and balance history.:**
- **Pregame – Java Dynamic Web App using JSP:**
  - **Created a gaming test platform using JSP, Servlets, and JDBC.:**  
Enabled developers to upload games and testers to provide structured feedback.
  - **Handled user registration, authentication, and project management.:**
- **Secure File Sharing Platform:**
  - **Developed a secure file-sharing platform with user access controls and audit logs.:**  
Implemented encryption mechanisms to ensure data confidentiality.
  - **Integrated AWS S3 for scalable cloud storage.:**

## EXTRACURRICULAR ACTIVITIES

---

- **Google Developer Group On Campus** AAST Cairo  
*Vice Lead* *July 2025 – Present*
  - **Leadership & Strategy:** Assisted in leading and coordinating all chapter activities, events, and strategic planning with the core team.
- **Google Developer Group On Campus** AAST Cairo  
*Head of Human Resources* *Oct. 2024 – June 2025*
  - **Team Leadership:** Led recruitment, onboarding, and engagement initiatives, building a collaborative and skilled team.
- **Google Developer Student Club (GDSC)** AAST Cairo  
*Machine Learning Member* *Oct. 2023 – May 2024*
  - **ML Projects:** Contributed to machine learning projects including data preprocessing, model training, and evaluation.

## ACCOMPLISHMENTS

---

- **ECPC Qualifications Contest (2024):** Ranked **64th** in Day 1 of the Egypt Collegiate Programming Contest (ECPC) Qualifications out of hundreds of participants across Egypt.
